

SOLUTIONS FOR RENEWABLE FUELS

ENHANCE RELIABILITY

BRIDGE WORKFORCE GAPS

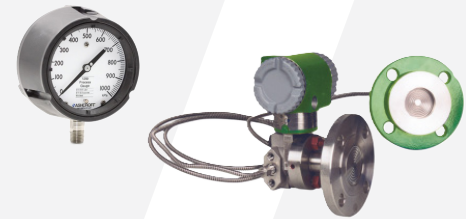

PROACTIVELY MAINTAIN EQUIPMENT ASSETS

Solutions Based on Decades of Experience

» Partnering with you to provide the expertise, service, and products you need to be successful.

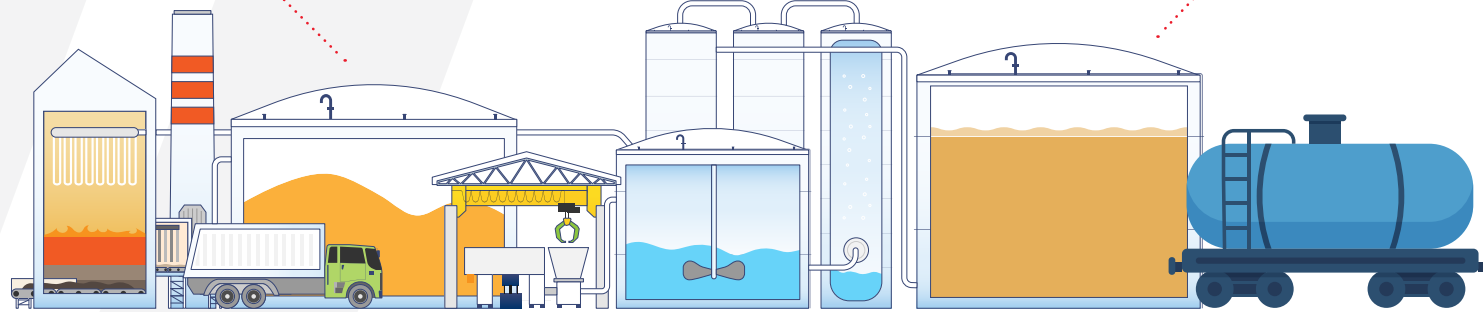

» Process instrumentation to improve critical performance

» Motor and pump repair, reconditioning, and replacement to maintain critical spares

» Technician maintenance training to bridge workforce gaps

Grain Handling

Fermentation

DDE & Loadout

» Compressed air solutions to enhance profitability and create energy efficiencies

» Improved valve technology to maximize operational process uptime

» Plant service to help you increase asset lifetime, maintain compliance and improve efficiencies

» Fluid connectors and filtration solutions designed to meet the industry's demands

FLOW CONTROL AND MEASUREMENT

Valves

- Ball Valves
- Butterfly Valves
- Check Valves
- Trunnion Ball Valves
- Gate Valves
- Plug Valves
- Control Valves
- Solenoid Valves

Regulators

- Back Pressure
- Pressure Reducing
- Tank Venting
- Self-Operated Regulators

Steam & Condensate

- Steam traps
- Condensate Recovery
- Separators

Actuation

- Electric Quarter Turn and Linear
- Scotch Yoke
- Pneumatic Quarter Turn and Linear
- Digital Positioners
- Smart Limit Switches

Process Instrumentation & Controls

- Pressure Transmitters
- Temperature Transmitters
- Positioners
- Flow Meters
- Level Transmitters
- Level Switches

Analytical Instrumentation

- Continuous Gas Analyzers
- Pressure & Vacuum Gauges

Emissions Analyzers

- Gas Sampling Components
- Toxic & Combustible Gas Detectors

Product Packages

- Pump Packages
- Actuated Valve Packages
- Vapor & Flame Control Equipment

FILTRATION

- Hydraulic
- Mobile
- Liquid Process
- Compressed Air
- Dust
- Rental Vessels

HOSES, FITTINGS, VALVES & INSTRUMENTATION

Industrial Hose

- Low, medium and high-pressure hydraulic hose
- Air, chemical and steam specialty hoses

Tubing

- Stainless steel, copper, and all metal tubing
- Tubing bundles

Fittings

- CPI™ Fittings
- A-LOK™ Fittings
- MPI™ Fittings
- Autoclave Engineers®

Gauges

- Pressure Gauges
- Temperature Gauges

Hydraulic Valves

- B Series Ball Valves
- U Series Needle Valves
- V Series Needle Valves
- C Series Check Valves
- PGI Manifolds
- F Series Inline Filters

COMPRESSED AIR, MOTORS & PUMPS

Air Compressors

- Centrifugal
- Reciprocating
- Rotary Screw

Air Treatment

- Air Dryers
- Air Filters
- Drain Valves
- Oil Water Separators
- Receiver Tanks

Blowers

- Positive Displacement Blowers

Engineered Solutions

- Containerized Air Systems

Pumps

- Diaphragm Pumps
- Heavy Duty Circumferential Piston Pumps
- Hydraulic Pumps

Motors

- Hydraulic
- AC/DC
- Transformers
- Gear Reducers

35 Years Experience

Products in 158 Plants Nationwide

700 + Trained Techs

Ethanol Product Specifications We Support

Specialty Sieve Valves
Fire Safety Shut Off Valves

FM Class 1 Div 1 Instrumentation
Explosion Proof Instrumentation
Proof Monitoring

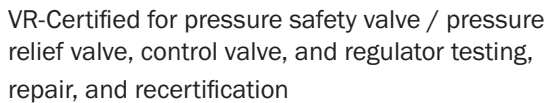

Specialized Repair Solutions to Keep You Running

VALVE & INSTRUMENT REPAIR

- Multi-brand, factory trained control valve repair center with premium mobile repair solutions
- In-house and in-field service for valve actuation assembly and repair, instrument field calibration, trouble shooting and repair, and full gauge assembly and calibration
- Authorized service provider for:

VALVE REMANUFACTURING

STEAM TRAP SURVEYS

- Advanced diagnostic equipment to deliver data-driven insights to help you reduce failures and maximize efficiencies

PUMP REPAIR & REPLACEMENT

- Hydraulic, chemical, process, and glycol pumps

MOTOR REPAIR & REPLACEMENT

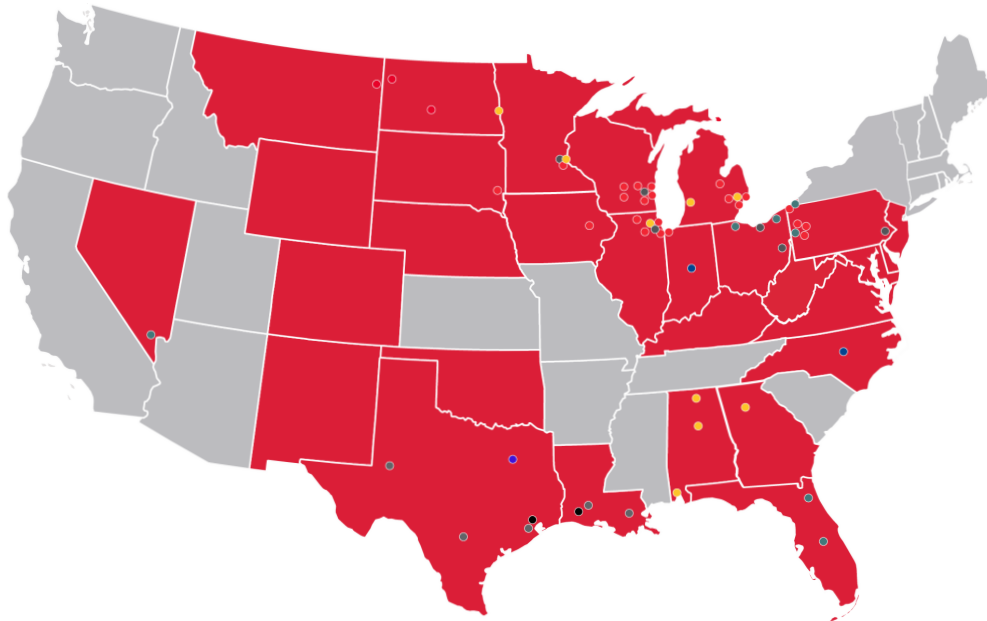

- 24-hour emergency service for AC/DC motors and VFDs, single and 3 phase, any size HP and pump, gearbox repairs, and electronics
- Thousands of used and surplus industrial AC and DC motor replacements in stock

SAFETY CERTIFIED

- Our technicians are CCST Level II certified
